## PREFACE

The Ministry of Basic and Secondary Education is pleased to release the 2016/2017 Education Statistics as part of the Monitoring and Evaluation system of the Education Sector. The Education Policy prioritizes the Education Management Information System (EMIS) agenda for effective education planning and policy making which is based on a rigorous monitoring and evaluation of the sector performance. In our endeavour to improve the delivery of education services in the Gambia, the stakeholder group in education, including the Senior Management Team (SMT) of the Ministry, are being urged to effectively utilise the information contained in this publication.

Finally, I would like to express my sincere gratitude to all the Early Childhood Development Proprietors as well as Lower Basic Head teachers, Upper and Secondary School Principals for taking time to provide the Planning Directorate with the valuable primary data about their schools. Without these data, this publication would never have been completed.

While there is no completion exam at the end of the lower basic education level, the Gambia Basic Examination Certificate Exam (GABECE) is a terminal exam which is also used for selecting students into the senior secondary school. The West Africa Senior Secondary Examination Certificate (WASSCE) marks the completion of the SSS and the results of the WASSCE is used for the selection of student for further higher and tertiary education as well as for certification.

## METHODOLOGY

EMIS data is collected annually in November, indicative *Provisional Figures* release in February and *Final Figure* published in May. Using specifically designed data collection questionnaires for acquiring and processing education statistics underpinned by national and regional quality standards that are subjected to audits and compliancy monitoring along the statistical value chain. Based on the *School List* for all established educational institutions; ECD, LBS, UBS and SSS a questionnaire accompanied by a set of completion guidelines is provided to each school Head during a '*Head Teachers Training Day*' workshop where selected Planning Directorate staff facilitate the training session with the main objective to orient the Head Teachers to successfully complete the questionnaire. The training session was used as a medium to feedback to school and centre heads a summary of analysed data of the previous year data - a single page depicting aggregated statistics by national, regional, cluster and school levels indicators was given to each head.

Following the training, Planning Directorate staff visit every school and collect the questionnaire as well as perform a critical quality task of verifying the content of the questionnaire at the school grounds. The Provisional Figures are derived from the inventory of the questionnaires before they are submitted for *Data Entry* into the EMIS database.

### **Data Entry and Quality Checks**

With this data collection strategy, the *coverage* has been unprecedented and the *Response Rate* surpassed 95% consecutively for the combined 7 years in this publication. Data on population is obtained from the Gambia Bureau of Statistics (GBoS). Data Entry Database which integrated essential quality controls using the previous years' data as reference point.
